### **Thermoplastic AFOs Compliance Documentation Packet**

WorryFree DME Compliance Documentation Packet

To be completed by physician:
Biomechanical Evaluation Form (Medical Record Information)  Documents medical necessity
Document of Medical Necessity  ☐ Justifies qualification for use of AFO ☐ Details reason for prefabricated versus custom device ☐ Justifies level of fitting (off-the-shelf versus custom-fitted) ☐ Justifies code(s) selected
Prescription  Description of the items Patient Name Physician's printed name Diagnosis Physician's signature (no stamps allowed) Date (no stamps allowed) Indication if right and / or left limb affected
To be given to Patient:
Proof of Delivery  Patient Printed Name  Date of delivery  Item Description  Item Code(s)  Patient Signature  Patient Address
DMEPOS Supplier Standards
To be completed by Supplier / Physician:
Dispensing Chart Notes  ☐ Type of orthosis ☐ Describes method of fitting ☐ Documents patient satisfaction * Confirms delivery of Supplier Standards

Instructions For Use:  You have been dispensed this custom molded ankle brace to immobilize your foot and ankle.  An AFO often requires a period of adjustment. It is best to wear it for one hour more each day and to continue this for two weeks. It should only be removed as specifically instructed. If the brace feels too tight, you may be walking too much. Get off your feet, loosen any straps and elevate your foot until the tightness resolves. If your symptoms do not resolve, please contact our office immediately. Should the device crack or break, remove it and do not use it again until you contact our office. Straps, laces should be kept clean of clothing fabric	to insure the device is properly secured to your extremity. Applying a skin moisturizer and wearing knee high socks will prevent your skin from irritation.  Material failure warrantee coverage:  Hardware, plastic and metal component are covered at no-charge for six months.  All soft materials: material covers, Velcro straps and limb support pads, are covered at no-charge up to ninety days at no-charge up to ninety days.				
indicated. The supplier has reviewed the instructions for proper use and care and	a copy of the Medicare Supplier Standards. I certify that I have received the item(s) provided me with written instructions. I understand that failure to properly care for insibility for future repair or replacement costs if my insurance policy will not cover as or problems with the device.

#### **Medicare Supplier Standards**

- A supplier must be in compliance with all applicable Federal and State licensure and regulatory requirements and cannot contract with an individual or entity to provide licensed services.
- A supplier must provide complete and accurate information on the DMEPOS supplier application. Any changes to this information must be reported to the National Supplier Clearinghouse within 30 days.
- 3. An authorized individual (one whose signature is binding) must sign the application for billing privileges.
- 4. A supplier must fill orders from its own inventory, or must contract with other companies for the purchase of items necessary to fill the order. A supplier may not contract with any entity that is currently excluded from the Medicare program, any State health care programs, or from any other Federal procurement or non-procurement programs.
- A supplier must advise beneficiaries that they may rent or purchase inexpensive or routinely purchased durable medical equipment, and of the purchase option for capped rental equipment.
- A supplier must notify beneficiaries of warranty coverage and honor all warranties under applicable State law, and repair or replace free of charge Medicare covered items that are under warranty.
- 7. A supplier must maintain a physical facility on an appropriate site. This standard requires that the location is accessible to the public and staffed during posted hours of business. The location must be at least 200 square feet and contain space for storing records.
- A supplier must permit CMS, or its agents to conduct on-site inspections to ascertain the supplier's compliance with these standards. The supplier location must be accessible to beneficiaries during reasonable business hours, and must maintain a visible sign and posted hours of operation.
- A supplier must maintain a primary business telephone listed under the name of the business in a local directory or a toll free number available through directory assistance. The exclusive use of a beeper, answering machine, answering service or cell phone during posted business hours is prohibited.
- 10. A supplier must have comprehensive liability insurance in the amount of at least \$300,000 that covers both the supplier's place of business and all customers and employees of the supplier. If the supplier manufactures its own items, this insurance must also cover product liability and completed operations.
- 11. A supplier must agree not to initiate telephone contact with beneficiaries, with a few exceptions allowed. This standard prohibits suppliers from contacting a Medicare beneficiary based on a physician's oral order unless an exception applies.
- 12. A supplier is responsible for delivery and must instruct beneficiaries on use of Medicare covered items, and maintain proof of delivery.
- 13. A supplier must answer questions and respond to complaints of beneficiaries, and maintain documentation of such contacts.

- 14. A supplier must maintain and replace at no charge or repair directly, or through a service contract with another company, Medicare covered items it has rented to beneficiaries.
- 15. A supplier must accept returns of substandard (less than full quality for the particular item) or unsuitable items (inappropriate for the beneficiary at the time it was fitted and rented or sold) from beneficiaries.
- 16. A supplier must disclose these supplier standards to each beneficiary to whom it supplies a Medicare covered item.
- 17. A supplier must disclose to the government any person having ownership, financial, or control interest in the supplier.
- 18. A supplier must not convey or reassign a supplier number i.e., the supplier may not sell or allow another entity to use its Medicare billing number.
- 19. A supplier must have a complaint resolution protocol established to address beneficiary complaints that relate to these standards. A record of these complaints must be maintained at the physical facility.
- 20. Complaint records must include: the name, address, telephone number and health insurance claim number of the beneficiary, a summary of the complaint, and any actions taken to resolve it.
- 21. A supplier must agree to furnish CMS any information required by the Medicare statute and implementing regulations.
- 22. All suppliers must be accredited by a CMS approved accreditation organization in order to receive and retain a supplier billing number. The accreditation must indicate the specific products and services, for which the supplier is accredited in order for the supplier to receive payment of those specific products and services (except for certain exempt pharmaceuticals). Implementation Date October 1, 2009
- All suppliers must notify their accreditation organization when a new DMEPOS location is opened.
- 24. All supplier locations, whether owned or subcontracted, must meet the DMEPOS quality standards and be separately accredited in order to bill Medicare.
- 25. All suppliers must disclose upon enrollment all products and services, including the addition of new product lines for which they are seeking accreditation.
- Must meet the surety bond requirements specified in 42 C.F.R. 424.57(c). Implementation date May 4, 2009
- 27. A supplier must obtain oxygen from a state-licensed oxygen supplier.
- 28. A supplier must maintain ordering and referring documentation consistent with provisions found in 42 C.F.R. 424.516(f).
- 29. DMEPOS suppliers are prohibited from sharing a practice location with certain other Medicare providers and suppliers.
- 30. DMEPOS suppliers must remain open to the public for a minimum of 30 hours per week with certain exceptions.
